

Aviation Airplane Associate of Applied Science Degree

AAS Aviation Airplane program trains students to work as **professional pilots** in either the air transportation industry. **Career paths** with this degree include the following: commercial pilot, pilot for a private corporation, charter pilot, and flight instructor to new student pilots.

The AAS Aviation Airplane degree program is designed to **produce high-quality graduates** who are prepared to enter the field as aviation pilots. This field **offers high-wage careers** that are global in scope. The degree provides students with the **mandatory flight hours** along with industry-specified instruction.

Instruction takes place in a **one-to-one student-to-instructor** learning environment to ensure that students acquire the academic knowledge necessary to be a safe pilot and to **pass the FAA knowledge exams**. Federal Aviation Regulations 14 CFR parts 61 and 141 **set forth the qualifications**, testing, and certification requirements for pilots, flight instructors, and ground instructors.

Program Learning Outcomes

Upon successful completion of the program, students will be able to:

-  Summarize the test standards and information in order to pass the FAA check ride and obtain: private pilot certification, instrument rating, commercial pilot certification, certified flight instructor certification, and certified instrument flight instructor rating, multiengine instructor rating.
-  Perform calculations required for flight operations.
-  Identify principles of flight pertaining to single-engine and multiengine fixed-wing aircraft.
-  Use communication skills effectively face-to-face and over the radio.
-  Evaluate pilot fitness and proficiency, aircraft airworthiness and capabilities, and environmental conditions prior to each flight.
-  Explain aviation regulations and how they pertain to airport operating procedures, crew rest requirements, general operating flight rules, and flight operations.

In addition to learning more about the world around you and creating memories along the journey, learning to fly **builds character**. The process gives the student a sense of self and develops confidence.

Program Completion Requirements

The Aviation Program Director will review candidates' academic history, transcripts from high school and/or college, and math and writing competency. Candidates will be advised of their next steps regarding their math and writing placement. Next steps may include taking a placement test or immediately enrolling in appropriate courses. **Candidates for the program must satisfactorily complete all requirements, including a minimum of 92 credits, with 21 credits of general education, 56 credits of technical core subjects, and 15 credits of aviation electives.** Successful pursuit of this program requires students to possess collegiate skills in reading, communication, computation, and critical thinking. All courses, with the exception of flight and ground courses, are available online. **Students must complete all technical core subject courses (including all flight/ground courses) with a grade of "C" or higher in order to move onto the next flight phase.**

Number of credit hours necessary for completion: 92

Admission Requirements

Candidates considering the Aviation Airplane AAS degree should **contact the Aviation Program Director at 541-880-2263.** The program has special admission requirements, and the Aviation Program Director will forward the application to interested candidates. The application has a number of **requirements that must be satisfied** before the candidate will be admitted into the program. If some of the requirements are not completed, a prospective aviation **student may start introductory aviation classes**, but a student must be accepted into the program before they can begin ground and flight courses. **All applicants who are accepted into the program will receive an orientation.**

Admission Required Documents

Drivers License (Front and Back)

2nd Class Aviation Medical Certificate

Birth Certificate or Passport

Previous Transcripts

Veteran Funded Students will also need a COE (Certificate of Eligibility)

High School Diploma or GED or Higher Certificate

Airplane Required Courses

Student Success

-  CGS 100 - College Survival & Success 3.00 Credit

Communications

-  CAS 133 - Intro to Computing Skills 3.00 Credits
-  CAS 133L - Intro to Computing Skills Lab 1.00 Credit

Students must **select one course** to complete this general education requirement.

-  COM 111M - Fundamentals of Speech 5.00 Credits
-  COM 111Z - Public Speaking 4.00 credits
-  COM 218Z - Interpersonal Communication 4.00 credits

Writing

Students must **select only one** of these courses below to fulfill this general education requirement.

-  WRI 117 - Intro to Technical Communication 4.00 Credits
-  WRI 121Z - Composition I 4.00 credits
-  WRI 121 - English Composition I 4.00 Credits
-  WRI 121M - English Composition I 5.00 Credits

Computation

Students must **select only one** of these courses below to fulfill this general education requirement.

-  MTH 060 - Introductory Algebra I 4.00 Credits
-  MTH 070 - Elementary Algebra 4.00 Credits
-  MTH 065 - Introductory Algebra II 4.00 Credits
-  MTH 095 - Intermediate Algebra 4.00 Credits
-  MTH 105 - Math in Society 4.00 Credits
-  MTH 111 - College Algebra 5.00 Credits
-  MTH 105M - Math in Society 5.00 Credits
-  MTH 105Z - Math in Society 4.00 credits
-  MTH 111Z - Precalculus I: Functions 4.00 credits

Social Sciences

Students must **select only one** of these courses below to fulfill this general education requirement.

-  PSY 201A - General Psychology I 3.00 Credits
-  PSY 201M - General Psychology I 5.00 Credits
-  PSY 202A - General Psychology II 3.00 Credits
-  PSY 202M - General Psychology II 5.00 Credits
-  PSY 203A - General Psychology III 3.00 Credits
-  PSY 203M - General Psychology III 5.00 Credits
-  PSY 101 - Psychology & Human Relations 3.00 Credits
-  BUS 285 - Human Relations in Organizations 3.00 Credits

Technical Core Flight and Ground Courses

(Students must earn a letter grade of "C" or higher to complete these courses)

- ✈ AVS 112F - Private Pilot I Flight Airplane 2.00 Credits
- ✈ AVS 112G - Private Pilot I Airplane 3.00 Credits (Ground)
- ✈ AVS 117F - Private Pilot II Flight Airplane 1.00 Credits
- ✈ AVS 117G - Private Pilot II Airplane 2.00 Credits (Ground)
- ✈ AVS 202F - Instrument Flight Airplane 3.00 Credits
- ✈ AVS 202G - Instrument Airplane 4.00 Credits (Ground)
- ✈ AVS 207F - Commercial Flight Airplane 5.00 Credits
- ✈ AVS 207G - Commercial Airplane 3.00 Credits (Ground)
- ✈ AVS 212F - CFI Flight Airplane 1.00 Credit
- ✈ AVS 212G - CFI Airplane 4.00 Credits (Ground)
- ✈ AVS 217F - CFII Flight Airplane 1.00 Credit
- ✈ AVS 217G - CFII Airplane 2.00 Credits (Ground)
- ✈ AVS 222 - Multiengine Instructor 1.00 Credit

These are the aviation focused courses that are **offered online** through Klamath Community College's online teaching system. Enrolled students will **meet with an advisor** in the aviation department. The appointed advisor will aid students in creating an academic plan to schedule when these classes will be taken. The neat fact about doing this unique program is that while students are participating in the challenges of flight school these classes **reinforce** what they are learning to **become certified professional pilots**, benefiting students during their adventurous and unforgettable journey. During a students time enrolled in our aviation program they will complete a certain amount of flight hours and ground hours with our partner

Pureflight Training.

Airplane Flight and Ground Hours

Course	Dual	Solo	ME Dual	Simulator	Ground	Pre/Post	Total
Private I	35.0	3.5	0.0	0.0	28.0	9.6	76.1
