

Verification Instructions

Your 2026-2027 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called “Verification” (CFR Title 34, Part 668). The law says that before awarding Federal Student Aid, your school must confirm the information you and your parents reported on your FAFSA. Your school will be comparing information from your application with copies of you and your parent’s 2024 IRS Tax Return Transcripts, or 2024 Federal Income Tax Return [Form 1040, 1040A or 1040EZ] or with W-2 forms or other financial documents. You must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the Financial Aid Office at your school. The law says that your school has the right to ask you for this information before awarding financial aid. If there are differences between your application information and your financial documents, you or your school may need to make corrections electronically. If you have questions about verification, contact the school’s Financial Aid Office as soon as possible so that processing will not be delayed. **Please Note: Any verification documents with missing or incomplete information cannot be processed.
