

OFFICE OF THE PRESIDENT

DR. ROBERTO GUTIERREZ

Dear Students,

As you know, Winter Term 2021 has continued to be an unprecedented and challenging time for students. Klamath Community College is committed to supporting you through these difficult times.

Klamath Community College has applied for and received emergency funding through the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Through the CARES Act, KCC is able to provide emergency financial aid grants to students whose lives have been disrupted, many of whom are facing financial challenges and struggling to make ends meet. The provided funds are to be used to cover expenses related to the disruption of campus operations due to the coronavirus, including eligible expenses under a student's cost of attendance, such as food, housing, course materials, technology, healthcare, and childcare. Details regarding the CARES Act fund at KCC can be found on our website at:

<https://www.klamathcc.edu/en-US/Admissions/Financial-Aid/Cares-Act-Funding>

I am hopeful these emergency funds help offset additional expenses you have experienced during this unprecedented term. KCC is committed to continuing to provide you with accessible quality education and services as we move forward. Now more than ever, the importance of your education in landing your future career is evident in today's job market. We look forward to seeing you, online and in-person when appropriate, this Spring Term and in future terms.

Sincerely,

Dr. Roberto Gutierrez
President, Klamath Community College
