High schools and colleges operate under different guidelines for students with disabilities. If accommodations are needed, students should notify their high school instructor and high school counselor, who will work with KCC's Disability Accommodations Services to determine reasonable accommodations. Reasonable accommodations in teaching methods and/or assessment delivery aligned with college policy that do not alter the essential content of a course or program may be available to students with a documented disability. All student must meet the student learning outcomes and the rigor of assessments for the course in order to be eligible for college credit.
