

Mathematics course offerings

Placement
 To be made based on previous math experience or placement testing using MyMathTest. Those who place in MTH 10 -70 and believe that they have placed too low should take MTH052 – a lab that will help you review material to improve your placement.

MTH010
 Basic Math

MTH020
 Basic Math (Arithmetic)

MTH060
 Introductory Algebra I

MTH070
 Elementary Algebra

Elementary Algebra Options
 Students have the choice of taking Elementary Algebra in one term through MTH070 or at a slower pace over two terms through MTH060 & MTH065. This is a pathway that leads to Math 095 and then to any entry level Math course below.

MTH098
 Introduction to Quantitative Literacy

MTH065
 Introductory Algebra II

MTH095
 Intermediate Algebra

MTH 070 serves as a prerequisite for MTH 105

MTH 098 serves as a pathway to MTH 105 only

Collegiate Level 100+
 Choose your collegiate MTH course path based upon your major or emphasis of study

MTH111
 College Algebra

MTH211 or 212 or 213
 Foundations of Elementary Math I, II, and III
 May be taken in any order

MTH243
 Statistics I
Prerequisite 095 or 105

MTH105
 Math in Society

MTH112
 Elem. Functions (Trigonometry)

MTH244
 Statistics II

MTH251
 Calculus I

MTH252
 Calculus II

MTH 253
 Calculus III

MTH254
 Vector Calculus
